WONDER.FULL.

Introducing the stunning Suzuki Celerio, the small car that's kind of a big deal.

Compact and stylish from the outside. Surprisingly spacious on the inside. The Celerio is the small car that makes a big impression. Advanced efficiency means it boasts low CO₂ emissions and great fuel economy. Whilst great manoeuvrability and superb visibility make it a breeze to drive around town.

Perhaps the best surprise of all is how many fantastic features are packed into this compact car. From air con* and alloy wheels*, to DAB digital radio, Bluetooth* and USB connectivity*. We're sure you'll agree, the Celerio is pretty wonderful.

UNDERSTATED CHARM

The Celerio is the small car that makes a big impression. Perfectly practical design meets simple style.

■ Stylish chrome grille* makes sure you stand out from the crowd

■ 5 doors make it practical for passengers to hop in and out

■ Polished black and silver alloys* add plenty of style from the ground up

■ Front fog lights* ensure clear visibility even on misty nights

*SZ4 models only

ROOM TO SPARE

There's more to the compact and stylish Celerio than meets the eye. Take a seat behind the wheel, or in the back, and see for yourself.

■ Elevated driving position offers superb visibility for a wide view of the road ahead and behind

■ 5 spacious seats leave you with leg and headroom to spare

■ Class-leading boot space means you can pack more into your day

SPEC-TACULAR

They say the best things come in small packages, and the Celerio is no exception:

- Air conditioning* keeps you cool inside when it's hotting up outside.
- Bluetooth connectivity* for your mobile phone, with hands-free controls, so you can keep yours on the wheel.
- Turn the volume up and then get down with USB connectivity,* CD tuner and DAB digital radio.

GO LONGER FOR LESS

Compact and light with a 1.0 litre petrol engine, one of the best things about the Celerio is its economical performance. Incredible fuel efficiency, of up to 78.4mpg* (combined), ensures low fuel costs for the road ahead. Whilst low CO₂ emissions, as low as 84g/km*, mean you don't have to pay a penny of road tax. Not to mention it's nice and environmentally friendly too.

The SZ3 is also available with our new Dualjet engine, which uses two injectors per cylinder and engine auto stop/start to help make it extremely efficient. Or if you prefer to take it easy, the SZ4 with Auto Gear Shift offers the same great fuel economy as the manual. Which means you can relax and enjoy the drive without having to compromise on running costs.

DESIGNED FOR LIFE

We always pride ourselves on performance and, when it comes to practicality, the Celerio far from disappoints. Its compact dimensions (3.6m long) and tiny turning circle (9.4m) mean it couldn't be easier to get in and out of tight spots.

WE'RE SERIOUS ABOUT SAFETY

At Suzuki, we take safety very seriously. That's why we've made sure the Celerio offers total reassurance for you and your passengers, with intelligent design and state-of-the-art technology.

- Front, side and curtain airbags on all models keep you and your passengers protected.
- Tyre Pressure Monitor System (TPMS) tells you if any of your tyres are deflating.
- Electronic Stability Program (ESP®)* detects and helps to prevent loss of traction.
